HWg-SMS-GW

SMS Gateway for text messaging from other HW group products

HWg-SMS-GW is a LAN gateway for sending alarm SMS from HW group products. Alarm messages can be sent from all HW group products.

No software needed, works over the LAN at the Box-2-Box (Peer-to-Peer) level.

Save administration costs and effort – use only a single SIM for all your devices.

Each device can send its alarm SMS to a different number.

HWg-SMS-GW is also used to send text messages from HW group software applications (HWg-Trigger, HWg-DCD) and the SensDesk.com online service.

Applications

- Send SMS from your SensDesk.com account.
- Send SMS from your Poseidon2, HWg-PWR 3/12/25 and other IP sensors in your LAN.
- HWg-Trigger notifies by SMS to a failure of any device in your network.
- HWg-DCD sends a text message upon unauthorized access to your rack.
- Nagios can send its alerts via SMS.
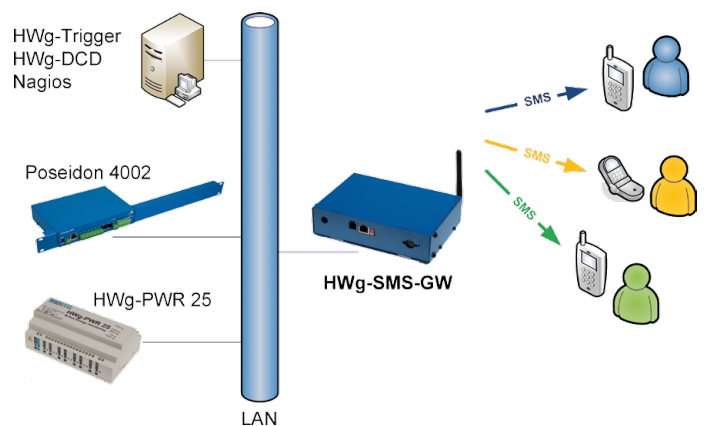

✔ *Only one SIM Card is sufficient for all HW group products.*

✔ *No text messaging software is necessary.*

✔ *Can be used as a SMS gateway for HWg-Trigger, HWg-DCD, Nagios and other software*

✔ *SMS gateway for your account at the SensDesk.com online portal.*

Features

- No software needed to send SMS. The Box-2-Box mode works as a Peer-to-Peer over LAN.

- Compatible devices:
  HWg-PWR 3/12/25, HWg-WLD, Poseidon2, Poseidon 2250, Poseidon 4002

- Compatible software:
  HWg-DCD, HWg-Trigger, Nagios

- Compatible services:
  SensDesk.com

- Web-based configuration.

- Message recipient (phone number) is set in the connected device (or in software). Hence a single HWg-SMS-GW can send messages to dozens of different recipients

- External antenna simplifies usage in a data center.

- Quad-Band GSM modem works with any GSM network in the world.

- Examples of product usage for programmers available in HWg-SDK (Borland C++, MS Visual C, VB, C#, PHP, JAVA etc.)

HWg-SMS-GW

Ethernet	10 Mbit/s
IP protocols	ARP, TCP/IP (HTTP, netGSM)
GSM	Quad-Band 850 / 900 / 1800 / 1900 MHz
Antenna	External, SMA Quad-Band, 3m
SMS memory	20 messages
Mount	Desktop / 19" Rack
Power	9-15V / 0,4 A
Dimensions	105 x 105 x 25 [mm]
Environment	-10°C až +65°C +14°F až +149°F
